

Our project checkpoint 4 has been posted as a blog post here (note: full code is linked in the blog post as well):

[https://freddybarragan.netlify.app/project/bayes\\_cap/](https://freddybarragan.netlify.app/project/bayes_cap/)

There is a section on transportation models / ordinal models that is currently missing, but the hope is to link a working Shiny app. Sam and Vichy have shown that the app works, but we're having issues publishing it online.
